Dear JITO Friends,

“Jai Jinendra”.

During this scary time of Corona Pandemic, you all are always in my prayers. I sincerely wish that you all must have come out unscathed out of this huge calamity. During these tough times it is important that we all use our wisdom and set certain limits for ourselves so that we are not exposed to Corona Virus and survive & thrive. I hope you all must have got yourselves vaccinated.

I am very happy that all our chapters have continued performing through the means of Zoom Meetings & a variety of Webinars and they have also been in forefront of our nation’s collective fight against Corona Pandemic. My salute to you all.

I am highly impressed by the stunning performance & achievements of all our initiatives and particularly by the fine work that our “JITO Professional Forum (JPF)” has been doing. Jain professionals, across the globe, have achieved great

name and fame and it is JPF that enables all the Jain Mentor Professionals to share their wisdom & insight with the upcoming professionals who want to make mark of their own. I appeal all our friends to participate actively in JITO Mentornity Programme which I strongly believe is one of our best initiatives to empower our youths. I congratulate Shri Ajayji Bohora for the leadership he has been providing as the Chairman of JPF with the support of Shri Milindji Shah Director in charge and the Team JPF. My hearty compliments to our Secretary General Shri Hiteshbhai Doshi and his WAREE Group for their consent to be the Title Sponsor to JITO Professional Forum, which certainly is a shot in the arm for this mission. Surely, this timely & decisive support will go a long way.

It indeed is heartening to witness the way all our chapters and all Jain philanthropists have come forward to extend their whole hearted support to our ambitious mission of “JITO AAWAS YOJANA” with our mission of building & providing 5000 homes to

our Sadharmik families. The sincerity of commitment can be seen from the fact that the construction of more than 2200 flats have already begun and many Sadharmik families have already received possessions of their dwellings. I congratulate our performing chapters and wish all the best to the families who now have their own roofs to shelter in. It is time that we put in all our whole hearted efforts so that we accomplish this mission of 5000 homes by the end of the year 2023.

Dear friends, 12th June 2021 witnessed the First National Business Expo (Virtual) organized by Nahar JBN FDD (Franchise Distributor Dealer). This opportunity is in sync with our mission of empowering our Sadharmik entrepreneurs. My best wishes to Shri Amitji Nahar, Shri Narendraji Shyamsukha, Shri Pravinji Gupta and Team Nahar JBN FDD.

Praying for your well-being,

- Ganpatraj Chowdhary

- WhatsApp groups has limitation of 256 members
- Business enquiries were not reaching to all the relevant people as JBN has more than 5000 active members with an equal number of passive members.
- Members cannot post their enquiries to in other industry/chapter groups.

- Human intervention needed to connect members with mutual interest

"JITO Youth wing has desired to associate in JBN Setu, which will be done soon by integrating groups and receiving sanitized data of youth."

Post this super successful launch, the team received a lot of requests on 'How to use it' hence we planned a National Orientation program on 31st May which was attended by 150+ people where a live demo was given to the audience along with Q&A's.

# JITO JOBS

**DINESH JIRAWLA**  
Chairman - JOBS

When people are struggling to cope up with the loss of lives and livelihood during these tough times amid the pandemic, it becomes the responsibility of organizations like JITO to come forward and be the saviour for as many as possible. JITO Jobs is that project of JITO which has the best potential to uplift maximum lives and provide respectable means of livelihood to scores of people from our society, fulfilling the promise of ECONOMIC EMPOWERMENT for all.

## MISSION 10K

It's with the above objective that we have launched Mission 10K wherein we, as part of JITO Jobs would strive to provide job placements to at least 10000 people from our society by August 2022. It's an

ambitious goal but with an enthusiastic team being at the helm of JITO Jobs activities and wholehearted support from all zone and chapter conveners and their teams, it's not impossible to achieve. We have 5 quarters left to fulfill this noble objective which translates to about 2000 job placements every quarter. Looking at the strength of JITO across all its chapters, it's not a difficult task if we can go about, it in a systematic way and with proper planning and teamwork.

To complete the above mission, we have designed a set of 14 E-tools which combined together will not just achieve the desired objective but also make JITO Jobs a robust project running year on year on auto pilot. One among these

tools is Educate under which JITO Jobs has designed School of Skills which will strive to provide vocational training to deserving candidates to make them eligible for jobs and better career opportunities. We are coming up with our first training program "Mastery in MS Excel" under this tool, starting from 21st June 2021. It's a two weeks program designed to make the students well versed with one of the most in demand skill, MS Excel and make them proficient in advanced level Excel. I am sure after the completion of this course; all the 50 attendees will be promptly picked up by various industries. Soon after this, we are on course to introduce Tally accounting with GST and TDS, which again is a major pain point for most of the SME's.
